Information Bulletin #98
Income Tax
July 2014
(Replaces Bulletin #98 Dated September 2009)
Effective Date: Upon Publication

SUBJECT: Indiana College Choice 529 Education Savings Plan

REFERENCE: [IC 6-3-3-12](#); [IC 21-9](#); IRC Sec. 529

DISCLAIMER: Information bulletins are intended to provide nontechnical assistance to the general public. Every attempt is made to provide information that is consistent with the appropriate statutes, rules, and court decisions. Any information that is not consistent with the law, regulations, or court decisions is not binding on either the department or the taxpayer. Therefore, the information provided herein should serve only as a foundation for further investigation and study of the current law and procedures related to the subject matter covered herein.

SUMMARY OF CHANGES

Apart from technical, nonsubstantive changes, this version of the bulletin has been changed to clarify that contributions must be received by the program manager by December 31 of the tax year to qualify for the state income tax credit.

INTRODUCTION

[IC 6-3-3-12](#) provides a tax credit for contributions to the Indiana College Choice 529 Education Savings Plan. The credit applies to contributions made for taxable years beginning after Dec. 31, 2006.

DEFINITIONS

A College Choice 529 Education Savings Plan is a reference to Sec. 529 of the Internal Revenue Code (IRC). An IRC Sec. 529 plan is a program under which a person may make cash contributions to an account on behalf of a beneficiary for payment of qualified higher education expenses. The program must be established and maintained by a state or state agency. Qualified higher education expenses include tuition, fees, books, supplies, and equipment required by the educational institution for enrollment or attendance. Reasonable room and board expenses are included if the beneficiary is enrolled at least half-time.

"Contribution" means the amount of money directly provided to a College Choice 529 education savings plan account by a taxpayer. A contribution does not include the following:

- Money credited to an account as a result of bonus points or other forms of consideration earned by the taxpayer that result in a transfer of money to the account; or
- Money transferred from any other qualified tuition program under Sec. 529 of the IRC or from any other similar plan.

"Qualified withdrawal" means a withdrawal or distribution from an account of the Indiana College Choice 529 Education Savings Plan that is made to pay for qualified higher education expenses, excluding any withdrawals or distributions for qualified higher education expenses if the withdrawal or distribution is made from an account that is terminated within 12 months after the account is opened.

Qualified withdrawals also include a withdrawal that is made:

- Because of the death or disability of an account beneficiary;
- Because an account beneficiary received a scholarship that paid all or part of the qualified higher education expenses of the account beneficiary; or
- Because of a transfer of funds by the plan from one third-party custodian to another.

"Nonqualified withdrawal" means a withdrawal or distribution from an Indiana College Choice 529 Savings Plan that is not a qualified withdrawal.

A qualified withdrawal does not include a rollover distribution or transfer from the Indiana College Choice 529 Education Savings Plan to any other IRC Sec. 529 plan or similar plan.

TAX CREDIT AVAILABILITY

The tax credit is available only to taxpayers who made contributions to an account with the Indiana College Choice 529 Education Savings Plan and that were received by the program manager by December 31 of the tax year. The mailing of a contribution to the program manager that is postmarked on or before December 31 is not a timely contribution unless the contribution is actually received by the program manager and deposited in the taxpayer's account on December 31. The contributor does not have to be the owner of the account to be eligible to claim the credit. Contributions to accounts established through private colleges or universities are not eligible for the credit; however, funds in the Indiana College Choice 529 Education Savings Plan can be used by the account beneficiary to pay qualified higher education expenses for attendance at a private college or university.

The tax credit is available to an individual filing a single return or a married couple filing a joint return. The taxpayer is entitled to a credit against the state adjusted gross income tax liability for a taxable year. The credit cannot be used to offset any county tax liability. The amount of the credit is the lesser of the following:

- 20% of the amount of all contributions the taxpayer makes to an account or accounts of the Indiana College Choice 529 Education Savings Plan during the taxable year;
- The amount of the taxpayer's adjusted gross income tax liability for the taxable year reduced by the amount of credits allowed under [IC 6-3-1](#) through [IC 6-3-7](#); or
- \$1,000.

A taxpayer qualifying for the credit is not entitled to a carryback, carryforward, or refund of any unused credit. The tax credit may not be sold, assigned, or transferred by the taxpayer eligible to claim the credit.

A taxpayer shall claim the credit on the taxpayer's annual state income tax return. The taxpayer, upon request of the department, shall submit proof of the amount of contributions made to the trust account during the taxable year. The requested proof may be submitted by providing a copy of the trust account statement for the year in which the credit is claimed.

Example:

A taxpayer's Indiana tax liability for 2013 is \$1,000. The taxpayer has made prior tax payments in 2013 to the department via withholding or estimated payments of \$1,000. The taxpayer has contributed \$400 to Indiana colleges in 2013 and is eligible to claim a \$200 college credit. The taxpayer made a \$5,000 contribution to an account of the Indiana College Choice 529 Education Savings Plan in 2013, so he is entitled to a \$1,000 529 Plan Credit. On the taxpayer's 2013 adjusted gross income tax return, the \$200 College Credit is applied to reduce the taxpayer's tax liability from \$1,000 to \$800. Then, \$800 of the 529 Plan Credit is applied against the \$800 balance of the taxpayer's tax liability to reduce this tax liability to \$0. The remaining \$200 of the 529 Plan Credit is not usable. Because the combination of the College Credit and 529 Plan Credit has reduced the taxpayer's liability to \$0, the taxpayer has overpaid his 2013 taxes by \$1,000 and is entitled to a \$1,000 refund. The taxpayer is not entitled to any refund, carryback, or carryforward of the \$200 unused 529 Plan Credit.

TAX CREDIT RECAPTURE

An account owner of an Indiana College Choice 529 Education Savings Plan who makes a nonqualified withdrawal in a taxable year must repay all or part of the tax credit in the year in which the nonqualified withdrawal is made from the account. The amount to be repaid is equal to the lesser of:

- 20% of the total amount of nonqualified withdrawals made during the taxable year from the account; or
- The excess of the cumulative amount of all credits that are claimed by any taxpayer with respect to the taxpayer's contributions made to the account for all taxable years beginning on or after Jan. 1, 2007, minus the cumulative amount of tax credits repaid by the account owner for all prior taxable years beginning on or after Jan. 1, 2008.

The required repayment shall be reported by the account owner on the account owner's annual income tax return for the taxable year in which the nonqualified withdrawal is made.

If an account owner is not required to file an annual income tax return for a taxable year in which a nonqualified withdrawal is made and the account owner does not make the required repayment, the department shall issue a demand notice in accordance with [IC 6-8.1-8-2](#).

Indiana's College Choice 529 Education Savings Plan is administered through the Indiana Education Savings Authority. More information can be obtained from their website at www.in.gov/iesa/ and at www.collegechoiceplan.com.
